# Masterbatches for Sheets

## Sheets

High quality,  
customer focus,  
flexibility and  
deep technical  
expertise

## Continuous support

Whether you want to increase productivity, enhance functionality, improve aesthetics or enable recyclability, Sukano is here to support you.

At Sukano, we embrace our customer's needs throughout the value chain, and we are proud to continuously support you after the sale.

Our leading polyester masterbatches cover basic to highly demanding applications worldwide. These innovative products are developed specifically for sheet processors, and provide unique benefits that can directly impact performance and functionality of the final sheets.

## Proven high performance

An impressive set of performance data is available to help customers choose the best product to meet each of their specific requirements.

Our additives are carefully selected and its applicability is tested both in the field and according to industry standards.

## All about your benefits

Our easy-to-process additives and color masterbatches, working alongside our technical service support, can deliver products that are:

- Highly clear
- In compliance with strict dimensional tolerance applications
- Possess excellent mechanical, thermal and electrical properties
- Controlled stiffness
- Flame retardant
- Easily printable
- Low water absorption
- Impact resistant, allowing thinner gauge sheets
- Chemically resistant
- Light transmission management
- Wide temperature management (from high to low)
- Long-lasting UV protection
- Weather resistant
- An extensive, lively color range
- Total gloss/matte control
- Direct food contact compliant

## Direct access to our labs

At Sukano, all our marketed offers and products undergo extensive testing at our state-of-the-art analytical labs, and are supported by industrial trials with test results evaluated with customers.

Our development and analytical tools are readily available to our technicians and to our customers when we work in joint development.

These tools are not only used as the basis for our project development and tailor-made formulations, but also ensure high quality, consistency and purity across our product portfolio.

*Driven by expertise*

Sukano's precise quality control and processing manufacturing practices allow for consistent production and peace of mind

## Discover Sukano's portfolio

Sukano's masterbatches enhance productivity, increase functionality, improve aesthetics and enable recyclability in the following markets and applications:

- Bottles & Containers
- Thin Films & Coatings
- Thick / Rigid Films
- Sheets
- Fibers & Filaments
- Biopolymers
