

Driven by expertise

Masterbatches for Thick / Rigid Films

Thick / Rigid Films

Redefining your expectations for product performance and service experience

Combining unparalleled tracking records and expertise

Thanks to an outstanding masterbatch portfolio and expertise in thick film extrusion processes conditions, Sukano is your ideal partner.

We can provide you peace of mind and efficiency throughout the manufacturing process.

Within our product range, we ensure that our polymer carriers are highly compatible with, if not identical to, the end application resin.

The result of our careful internal formulation: a uniform blend that provides maximum efficiency.

The first impression matters!

Does your product need to have greater visual impact on the shelf?

Do you want true differentiation and high brand awareness?

Do you stock an iconic product, and want to enhance its appeal while still remaining environmental conscious?

Then, check out the Sukano's portfolio of masterbatches and compounds for added-value and benefits.

Functional benefits

- Low haze
- Excellent transparency
- Reduced coefficient of friction (COF)
- Easier demold and denest without surface abrasion
- Lower stickiness of films
- Content protection from sunlight or artificial light degradation
- Color retention
- Content Organoleptic attributes integrity (nutrition, smell, taste, odour)
- Static charges build up prevention
- Significant surface resistivity reduction
- Anti-dust effect
- Packed articles less prone to impairment
- Safety

Applications benefits

- Gloss control of your film
- Opacity management for light protection and printability
- Excellent coverage at very low let down ratios
- Predispersed material enabling uniform color distribution even at very thin parts
- Luxurious, sophisticated look and feel at affordable coloration costs
- Ability to support closed loop initiatives increasing recycled PET (RPET) amounts into the final parts
- Design and creativity freedom

Driven by expertise

Outstanding performance starts with the selection of your masterbatch partner.

Explore our offers and find out how working with Sukano experts can provide you maximum advantages.

Discover Sukano's portfolio

Sukano's masterbatches enhance productivity, increase functionality, improve aesthetics and enable recyclability in the following markets and applications:

- Bottles & Containers
- Thin Films & Coatings
- Thick / Rigid Films
- Sheets
- Fibers & Filaments
- Biopolymers
